This textbook covers a lot of material. I have no basis for comparison but I felt the book did a great job of explaining things without much fluff. The cases included were relevant to the chapter and trimmed down to highlight the information that was really pertinent.

Oh my god reading this book it's a pain in the back, but it's a good foundation for every lawyer. So after reading it I almost ready for the state bar exam

This book is written in a clear format and well organized, it is easy to follow. It is a huge component as to why I have been successful in my class.

The spine of the book is coming off within the first month. Pretty disappointed to pay over \$100 for a book that is already coming apart.

Rented. Water damage and highlighting. But it was cheaper than my college bookstore by 30% so no real complaints.

The cases in this book are VERY helpful in interpreting the law and helping you to understand the content.

Very disappointed. Binding was completely coming off of the book.

Great text book, renting online was easy and helps a ton!!!
