The Truth About Chuck Norris: 400 Facts About The World's Greatest Human

Synopsis

The lowdown on the toughest, sexiest, and bearded man to ever stalk the earth. Since its emergence from the bowels of the internet, the Chuck Norris Fact has roundhouse kicked its way into the world's consciousness with all the vim and verve of its namesake. Singing the praises of his unequalled toughness, his mighty kicking feet, his indestructible beard, his frightening virility, and his ability to stop time by thinking about pineapples, *The Truth About Chuck Norris* is the one book brave enough to go behind the beard and reveal the real Chuck. Ian Spector, webmaster of the site which started the meme and survivor of a real-life encounter with Chuck himself, has selected the 400 most kick-ass facts from his library of thousands, as well as illustrations as awesome as the man himself. This death-defying volume includes such awe-inspiring observations as: • A cobra once bit Chuck Norris's leg. After five days of excruciating pain, the cobra died. • Chuck Norris can charge a cell phone by rubbing it against his beard. • When an episode of *Walker, Texas Ranger* aired in France, the French surrendered to Chuck Norris just to be on the safe side. • Chuck Norris was the first person to tame a dinosaur. • Chuck Norris once visited The Virgin Islands. Afterward, they were renamed The Islands. • Every piece of furniture in Chuck Norris's house is a Total Gym. A must-have paean to the archetypical American male and a bible of all things Chuck, *The Truth About Chuck Norris* is easily the most important book of all time.

Customer Reviews

I wish I had never paid 1c for this book! That's what I paid. All the sex talk is vulgar and defamatory.

I don't blame Chuck Norris for being upset! You wouldn't EXPECT a person to assume that someone would write such trash about Chuck Norris. I didn't think it was necessary to read the description here in detail, because I didn't think ANYONE would stoop so low! This book is full of sick sex jokes at Norris' expense. Chuck Norris is an honorable man, who lives his life in devotion to his Christian faith, his family, and moral values. This book trashes his reputation. I think the entire profit from this book should be given to Chuck. The author obviously doesn't care about anyone but himself, but I really wonder how he'd feel if his personal values were trashed like that in any book written about him. You just don't do things like that! It is totally unacceptable. This book isn't suitable for anyone, not even adults. And many people who are fans of Chuck will buy it without realizing what it is, just like many reviewers here and I did. Even worse are the situations where someone buys this book for a minor and gives it to him without reading it. "Chucktatorship" is funny. But most of the one-liners that don't cross over to the unacceptable are not particularly funny anyway. If someone wrote such trash about a woman, it would be, legally speaking, libel per se. This means that malice is presumed, and the victim is entitled to treble damages. The same should apply to a man. I'm sorry, but trashing someone's honor is NEVER funny, and this "author" should be sued to within an inch of his life!
