Blackjack: Blackjack 2016 - Beat The Game (Blackjack Strategy, Blackjack Handbook)

Synopsis

Learn to Play and Win at Blackjack With Just a Few Hours Practice! Imagine walking into a casino, sitting down at a Blackjack table, and beating the dealer consistently! Or imagine becoming a professional Blackjack player, just like the ones you see on television! Blackjack is one of the most famous card games, and that is possibly why you want to find out everything that you can about this game. This is the ultimate book to keep close when you are developing your strategy. In this book, you will learn: What are the basics of Blackjack, including the aim of the game and its mechanics. How to formulize your strategy, including how to use a strategy chart, and what are the rules for doubling down and splitting pairs. What are the odds of winning Blackjack, including the House Edge, the Payout Percentage, and Busting Out. How to do card counting and use it to your advantage. You will find that you can easily work the odds to suit you, and that you can develop the skills that can make you a master at the game. Pick up a copy today by clicking on ["Buy Now"](#)!

Customer Reviews

Card games are pretty exciting in the way they allow you to think outside of the box and beat the opponent only using brains to outsmart him and Blackjack is one of the most exciting. I read this book carefully and there are some pretty neat tricks in here that allow you to always be one step

ahead of everyone and develop your skills even further.

Impressive book! I wanted to learn some tactics on blackjack so i thought i'd pick up a copy of this book. I'm glad i did because now i'm confident when i hit the casino next time with my partner. Great read for a newbie like me. So much worth reading!

I always lose when we are playing blackjack with my friends. I want to learn more strategies and techniques to win this blackjack. I looked for guides about blackjack strategies and I found this book. There are great strategies in this book and I must try it because I feel I can win using it. I understand some moves that my friends using that showed in this book. I don't understand the chapter with using the card counting as an advantage.

I don't have any idea how to play the game Blackjack. This book talks about everything you need to know about the said game. It provides great tips and strategies that you can use to develop your skills and become a professional Blackjack player. It is indeed the ultimate book for you if you want to learn and be the master of the game. i•

It's a nice book!!!. I want to learn more strategies and techniques to win this blackjack. I looked for guides about blackjack strategies and I found this book. There are great strategies in this book and I must try it because I feel I can win using it. I read this book carefully and there are some pretty neat tricks in here that allow you to always be one step ahead of everyone

This book really helped me understanding Blackjack, very easy to understand, great basic knowledge and brilliant tips and strategies. I feel confident now, going off to play - of course as the book states- you need practice to become a winner. I highly recommend this book both for beginners and for experienced players!

I cannot really imagine who might find this silly book useful. Maybe it was aimed at the Las Vegas conventioneer who had the afternoon off and for the first time in his life wandered through the casino floor and wondered what that Blackjack game people were playing was all about. Great information: Try to get as close to 21 as possible without going over. Having that terrific nugget under my belt, I'm ready to go bring down the house.
